

Call for Exhibition and Sponsorship
for the
19th H3Africa Consortium Meeting, Transcorp Hilton Hotel
Abuja Nigeria (in-person)

Dear Exhibitor

The H3Africa Finale Consortium Meeting will be held in person 30th May – 1st June 2022, at the Transcorp Hilton Hotel in Abuja, Nigeria.

The goal of the H3Africa initiative is to facilitate a contemporary research approach to the study of the genomic and environmental determinants of common diseases in Africa, with the purpose of improving the health of African populations. A total of 51 grants have been awarded at various Institutions across Africa forming the core of the Consortium. These include a pan-African bioinformatics network, training hubs, biorepositories for sample storage, and research projects applying genomics methods to study communicable and non-communicable diseases and/or exploring the ethical legal and social implications of genomics research on the African continent.

We invite interested organizations and biotechnology companies to showcase their innovations, services and products at our in person meeting in an effort to solidify networks and find workable solutions to achieve our goals in a mutually beneficial manner.
